

THE OHIO STATE UNIVERSITY

One of the best crop farms in in Ohio invites you to test your skills in crop production and machinery.

We are seeking applicants interested in interning with an 8000 acre crop farm near Columbus, Ohio. The farm grows Corn, Soy Beans and Wheat and has a fleet of well-maintained modern machinery.

Required qualifications:

- Education in agriculture / agricultural science or engineering, or closely related sciences
- Experience with crop production techniques.
- Experience with operating farm machinery.
- Good English language skills.
- Professional demeanor.
- Excellent ethics and morals.
- Willingness to work in a small team.

This farm is located about 1 hour from The Ohio Program office. Your typical responsibilities would include: Your typical responsibilities would include: machinery operations, cultivating planting, spraying, harvesting etc.

This is an excellent opportunity to polish your English skills, meet many people and enjoy living in an agricultural community in Ohio, USA.

Good housing is provided, the internship is well paid. Be ready for the busy cropping season with long hours.

Please contact Greg Lecki: Lecki.1@osu.edu or Leckig on skype.
