

# THE OHIO STATE UNIVERSITY

---

## **One of the largest and most recognized tree nurseries in the USA is offering 6-12 month internships.**

We are seeking applicants interested in interning in a very large tree nursery in Oregon.

Required qualifications:

- Education in horticulture or closely related sciences
- Some experience with ornamental plants, especially with trees and shrubs
- Good English language skills
- Professional demeanor, understanding of nursery business realities
- Excellent ethics and morals
- Willingness to work in an international team

Depending on your background and interests, your internship responsibilities may include: plant propagation, growing and care, sales, some marketing and business processes.

Good housing is provided on site, the internships is paid. The weather in Oregon is typically very good but be ready for very rainy winter.

Please contact Greg Lecki: [Lecki.1@osu.edu](mailto:Lecki.1@osu.edu) or Leckig on skype.

For more information see offer ID 108 in the Current Offer section at [OhioProgram.org](http://OhioProgram.org)
