

### **Swine internship in the USA available**

The Farm is a medium sized family owned swine operation located in northern Iowa.

They are a farrow to finish operation and have approximately 2,400 sows. They operate and maintain multiple sites including 6 finishing sites as well as a confined breeding/farrowing barn and a nursery site.

There is the opportunity to learn about biosecurity measures, herd health, nutrition, and animal reproduction. They strive to continuously be a progressive farm and employ new technologies throughout their production process. This will ensure efficiency for both their livestock and their employees and participants.

Their personal interests include attending local sporting events, local fairs and gatherings, and spending time with their family and friends.
